HIS work our duty

Our organization:

The Deutsche Gemeinde-Mission e.V. (DGM) is a work of faith founded in 1977, because there is an urgent necessity of christian mission and church planting in Germany. In Germany there are only app. two percent of reborn people. The great German church organizations are mostly very liberal and produce bible criticism.

The people in Germany need christian mission. We are afraid there is no more knowledge of the biblical truth or at least hardly to find. A good way to reach questioning people is personal evangelizing, embedded in chronological bible studies.

To reach this goal, the staff of DGM work consultative with local churches and local church planting initiators.

DGM is an interdenominational mission.

DGM Missionaries are theological trained at several scriptural theological seminaries of Germany, US and Canada.

You can get a copy of our creed by demand or view it at www.dgm-online.org. We will be glad too, if you pose your questions personally.

DGM is a charitable non-profit organization of pious goals. It is bankrolled only by volunteer donations.

Our agenda:

1. DGM supports missionaries that want to work in the German country. They can get spiritual and administrative help.

2. DGM motivates local churches in Germany, to fulfill the missinonary order of our Lord Jesus Christ in their own country. DGM helps them to send out missionaries, to pray for them and for their service an to support them financially.

3. DGM helps bible circles that want to start a local church service.

Our offer:

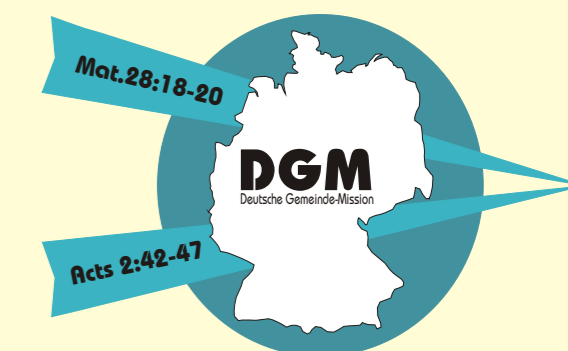

- DGM hires missionaries for missionary work in Germany.
- DGM bestowes bible students on short and one year traineeship at church planting projects.
- DGM gives advice and developes schemes for local church planting and local support for church planting projects.
- DGM offers special materials: Teaching aids for church planting and missionary services; tapes, MP3-CDs and CD-ROMs
